

On Luau evening, all plants and other items were donated by members and guests. We wish to express appreciation to everyone who contributed so generously to make this such a successful event.

The plants for the September meeting will be from Mr. Arthur E. Falk.

NOVICE CLASS

Sixty five members enjoyed the hospitality of president and Mrs. George M. Hudson at their home. A class in corsage making was conducted under the expert guidance of Jerry Worthen, Ann Vaughan, and Cleda Lincoln. Other members visited the fine greenhouse and held their own small "discussion groups."

The next Novice Class Meeting will be held
on
Sunday, October 7th
at the home of

Mr. and Mrs. Lee N. Bentzen
4607 Blackthorne Avenue
at

10:00 A.M.

(Directions: 2 blocks east of Lakewood Blvd.,
between Carson and Del Amo Avenues)

** Wilson's ANTI-DAMP*

Orchidists find Wilson's Anti-Damp a "must" for scores of uses. Its principal active ingredient, 8-Quinoline Benzoate, is recommended by University Professors and floricultural experts for control of bacterial leaf spot, canker, and other bacterial diseases affecting Cymbidiums, Cattleyas and other genera.* Anti-Damp is used by many leading growers to wash-off agar when removing tiny seedlings from the flask, to sterilize seedlings and safeguard against damping-off when transplanting into or from community pots or flats. Wilson's Anti-Damp is odorless and colorless, leaves no smudge.
