August 23, 1965 - 6:00 p.m. - 10:00 p.m.

LUAU

It's our long awaited Luau meeting! Get out your muu muus, Hawaiian shirts and dresses. (You might even practice your Hula!) Prizes will be awarded for the most outstanding costumes.

* * * * *

Be sure to bring a hot dish, salad, or dessert large enough to serve 12 people (Polynesian or Oriental in nature.) Also, please bring your own table service. Coffee and punch will be provided by the Society. You may also wish to bring a sweater, since the Luau portion of our meeting will be held outside on the north side of the clubhouse.

* * * * *

Our program will begin at 8:00 p.m. A color/sound film on Tahiti entitled "Manureva" will be shown. Mr. Stan Kennedy, West Coast representative of Hawaiian Airlines, will bring "live" entertainers for our enjoyment. (Men-- you won't want to miss this!)

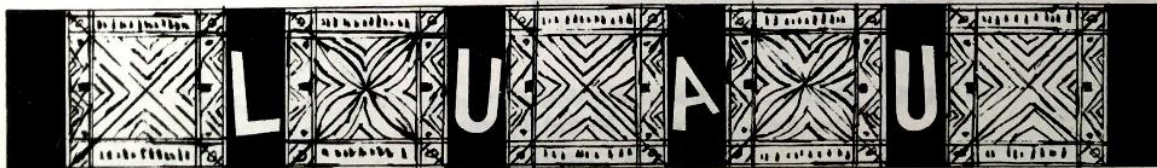

PLANT PROCUREMENT

This is the month that YOU, our members, donate the plants for our plant table. Please bring a plant that you would like to have for your own collection. **ONLY CLEAN, HEALTHY AND CORRECTLY LABELED PLANTS PLEASE.**

LAST MEETING

Mr. Russ Herrema, sales representative for Chevron Chemical Company (manufacturers of Ortho products), spoke to us about insects and showed a very interesting film entitled "The World of Insects." His program was very interesting and we were able to ask him questions about our particular problems. Mr. Herrema also gave each of us a garden booklet to take home.

In July our plants were supplied by President Lloyd DeGarmo. Some of his very lovely plants were won by the following people: Two bonus plants were

won by Eugene Casey (Miltonia Anne Warne var. "Alii") and Buddy Rowland. The Exhibitor's Drawing was won by Tony Meckilik (Peter Pan "Greensleeves", HCC, AOS, ODC.) The Special Drawing (a community pot of C. Genevieve Toy x Slc. Anzac, "Orchidhurst") was won by Mr. A. Brumm. The following people missed winning our Membership Drawing: Roy Fields, A. E. Hecker, Mr. Currier, Mrs. R. Williams, Clark Day, Dr. Dodson, Mrs. R. Schneider. The lucky winner was Mrs. Eleanor Scoggins.

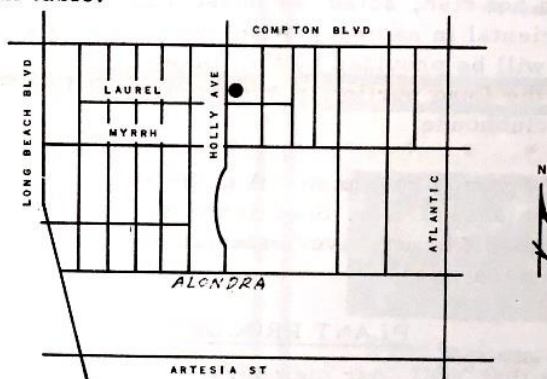

"THANKS"

A special thanks to all of the people that helped with our booth at the Orange County Fair--we won second prize! The following people made it possible-- Leo & Terry Bance, Lloyd DeGarmo, Leo Holguin, Paul Brecht, Paul Brecht Orchid Company, Robert Ernst, Mac Thompson, Mr. & Mrs. Crary, Sylvia Leatherman, Leatherman Gardens, Mr. & Mrs. R. Kilgore, & Mr. & Mrs. V. L. Scoggins.

NOVICE CLASS

32 members attended the Novice Class at the home of Mr. & Mrs. Bob Green, Garden Grove, on Sunday, August 1st. Mrs. Barbara Saltsman gave us a very interesting talk on how she started growing orchids and how she grows orchids in her bath tub.

The next Novice Class will be held September 12th at the home of Mr. George Hudson, 212 S. Holly, Compton. (See map below.) Members and guests are invited to attend these monthly meetings. Bring your folding chair and join us at 10:00 a.m. on Sunday, the 12th of September. Also, please bring a plant for our plant table.

SOUTH COAST AND ORCHID DIGEST REGIONAL JUDGING

June 28, 1965 Judging Vice Chairman - Paul Brecht

Judges present: Paul Brecht, Emerson Charles, Arthur Falk, Roy Field, Dr. Irene Gleason, John Hanes, Ernest Hetherington, Leo Holguin, Dr. J. Lloyd Wallar, Woodrow Wilson.

At Last! THE BREAKTHROUGH YOU HAVE BEEN WAITING FOR! Agricultural Enzymes

A Vital Supplement To Increase Plant Growth

Just spray it on and watch the results you have always wanted

"WHAT ARE ENZYMES?"

Enzymes are nature's chemical tools. They act as organic catalysts that speed up chemical changes in cells without taking part in the change themselves.

These enzymes, amylase and protease, break down the complex food materials into simpler, more assimilable forms. As a result, this encourages growth of roots, foliage, and stimulates early blooms. Leaves assume a more erect stance and plants become more tolerant to light.

Orchid-zymes are compatible with other insecticides, fungicides, and fertilizers and may be applied in conjunction with these, even in a "shot gun" application. "Orchid-zymes" is not just another plant food, but truly a new and proven product that contributes to the growth of plants.

It is completely available to plants giving quick and lasting results.

An Important Bonus: "Orchid-zymes" will greatly reduce algae on pots, benches, compost and floors. It dissolves the unsightly white encrustation of fertilizers and chemicals that normally burn sensitive root tips.
