MEETS

On the 4th Monday of each month at Bixby Park Clubhouse.

Why not wear an orchid and look elegant?

PROGRAM

October 25, 1971

8:00 P.M.

South Coast members and guests are in for a treat this month. The speaker is Rex Van Delden from Stewart's Orchids. He is going to talk on the integral species from South America and the Orient. His talk will help the orchid enthusiast going to South America for the Orchid Congress next year. The plant table will be furnished by Stewart's. We can look forward to some very choice plants as always.

Thank you, Mr. and Mrs. Crothers, for our September meeting on the hybridizing of yellow orchids. Now we know it's not always our fault if they bloom out a cripple. The growers have been doing their utmost to remedy the crippling in plants. They have come a long way in the few years since the first yellows and greens.
