## JUNE PROGRAM

This month's meeting will be a surprise for all of us. Our speaker will be a complete stranger to S.C.O.S. -- our president DR.A.G. Tharp. The topic of his presentation is undisclosed at this time but a sure bet might be that it will have something to do with vandaceous orchids. Perhaps there will even be a delightful slide show of Ascocendas. The only way to know for sure is to come and join us and find out what delights Dr. Tharp has in store for us.

## NOVICE CLASS

Last Month. The novice class held their certificate meeting at Paul Brecht's. Paul put together a marvelous, informative program dealing with companion plants for orchids. He created a display of about twenty five tropical and companion plants to grow in the greenhouse. He also had a guest speaker who explained the uses of Consan in the greenhouse. Refreshments were served and everyone had a delightful time.

Next Month. The novice class will have an opportunity to visit Andy Yamamoto's beautiful greenhouses.. Perhaps he will share some of his growing secrets, we would all love to be able to raise orchids like he does. Make note of a change in date! Due to the holiday on the fourth, the novice meeting will be held July 9th. So bring a plant, a chair and a friend and plan to attend. To get to Andy's house... take San Diego freeway north to Culver Blvd. off ramp, turn left on Braddock go three blocks and turn left on Coolidge, address 4941 Collidge Ave. Culver City.

## REFRESHMENTS

The following members have been invited to donate cookies for our June meeting: Mr. & Mrs. M. Wang, Mrs. Ruth Wolf, Mr. & Mrs. Cal Worthen, Mr. & Mrs. Andy Yamamoto, Mr. & Mrs. Geo Abendroth and Mr. & Mrs Jack Alff.

## ORCHIDS ORCHIDS ORCHIDS

To: Paul Schaub, Lee Benson and Sully Sullinger for donating plants for last month's opportunity table.

To: all members who got their dues in.

## LAST MONTH

What could be more fitting for a spring meeting than a talk on Cymbidiums? For our May meeting Mr. Lloyd De Garmo, a specialist in hyberdizing miniatures, treated us to a delightful talk and slide show on Cymbidiums. He claims the only difficulty in their culture is too much.. or not enough .. water, light, food or repotting, so all you have to do is learn to balance these ingredients. We all enjoyed Mr. DeGarmo's program and hope to have him with us again soon.

### I'M A NEW MEMBER

I see you at the meetings,  
But you never say "Hello"  
You're busy all the time you're there  
With those you really know.

I sit amongst the people,  
Yet I'm a lonesome guy;  
The "new members" are as stange as I,  
And the "old timers" pass me by.

But darn it, you people asked me in,  
And you talked of fellowship;  
You could just step across the room,  
But you never make the trip.

Why can't you nod and say, "Hello"  
Or stop to shake my hand,  
Then go and sit among your friends:  
Now that, I would understand!

I'll be at your next meeting,  
Perhaps a nice time to spend:  
Do you think you could introduce  
yourself?

I want to be your friend.
