## Orchid News August 2021

I hear through the grapevine that attendance at the recent (August 14-16) Westminster Mall show was good and vendors were fairly busy. That bodes well for our future events and a return to something approaching normal. There are three events in September; see the Events Calendar at the end of this newsletter.

Check out the orchid photos below; we received an abundance of excellent photos of wonderful orchid flowers. You might take note of the number of hybrids made with *Paph lowii*; not being a true paph grower, I don't know what makes *lowii* such a good parent, but there is the proof.

## President's Message

We are in the middle of summer and still no resolution on covid. We are still in a holding pattern with the city of Long Beach as far as resuming our public meetings at Whaley Park, sometime in the Fall is the best we can hope for. I have been slowly but surely repotting my favorite orchid plants which were in dire need of repotting. I have been surprised by some of the orchids that have bloomed during this stay at home cycle. Maybe they are blooming to cheer me up. I planted some fruit trees which I am paying for with a sore back and hip currently. Starting physical therapy soon. Long Beach is still thinking about us since they keep asking Elaine Murphy and I to revise language on our insurance policy we include with our permit request. So this is a good thing. Last but not least please get vaccinated so we can start living a normal life again as well as keeping our family, friends and neighbors safe. Keep growing orchids because we will meet again, hopefully sooner than later..

### Meeting Location

The South Coast Orchid Society holds monthly meetings, usually on the fourth Monday of the calendar month, at the Whaley Park Community Center in Long Beach, CA. Whaley Park is on Atherton, just off Bellflower Blvd. near the Long Beach State University campus.

### Vendor Sponsors

**The South Coast Orchid Society thanks these commercial vendors for their generosity and support of our 2019 Annual Auction and other events helping to carry us through a successful 2021. If you need supplies or want to shop for orchids, please consider these vendors first. They helped us, maybe we can help them, and get some great orchids too!**
