PROGRAM - JULY 25, 1960 - 8:00 P.M.

MR. HOWARD ANDERSON ON "ANDERSON'S DREAM"

When Mr. Howard Anderson was asked what his topic would be, he replied, "Oh, I'll dream up something." So here we have our speaker and our subject-- Howard Anderson speaking on "Anderson's Dream." We have no idea whether he will dream of raising orchids to look like the pictures in the catalogues, or have a nightmare of a slug or snail taking a huge bite out of a prized bud. Anyhow, with Mr. Anderson's well known knowledge of orchids, his interesting background in the motion picture business and his incomparable wit, we can be assured of a lively and informative evening. Come and find out!

LAST MONTH

Those of you who missed last month's meeting lost out on an interesting and unusual speaker. Mr. John Miller gave a talk on "Orchids Throughout the World," traveling in the Phillipines, Hong Kong, Thailand, Australia and Hawaii, telling us of the various species and hybrids he found there. He illustrated his talk with slides of various orchids, interspersing them with pictures of the countries themselves. It made a fine break; the only things missing were the smells--honey buckets, fish heads, incense and wood smoke--the concentrated essence of the Orient!

PLANT FORUM

The Plant Forum under the chairmanship of Harry Rapella, was again a high point of the evening. Mr. Crothers and Doc Charles covered the large display of Botanicals and Clark Day and Paul Brecht commented on the Cattleyas and Vandas, Cymbidiums and Phaleanopsis.

It is hoped that everyone will bring in their plants for the membership to enjoy. Do not feel that they have to be of award quality - just share the beauty of those you have.

PLANT DRAWING

The plants for this meeting will come from Mr. Harry Rapella, and we know they will be good. We wish also to thank the Southern California Greenhouse Mfrs., Rheinfrank & Hudson, Clark Day and Mr. Rapella for their donations to last month's drawing.

NOVICE CLASS

A large number of the Novice Class met in the lovely gardens of Mr & Mrs. Jack Alff on July 10th. In the absence of Mr. George Hudson, Mr. Leo Bentzen conducted the discussion. It was a logical sequence to the previous meeting when flasking and planting seed had been taken up in detail. This time the subject was, "Seedlings and How to Handle Them." We now have them in community pots, and an interesting point was raised that one is foolish to try to keep all of the seedlings from the flasks. According to many authorities, only the hardy and robust seedlings are worth bothering with. Mr. Bentzen then gave another of his interesting spontaneous talks on orchid raising in Hawaii.

The next meeting of the Novice Class will be at the home of Mr. & Mrs. George Hudson - 212 South Holly, Compton - August 7, 1960.

All members are invited to attend. Guests are welcome, but membership in the class is limited to active members of the Society.

LUAU

Once again we are approaching the season of our annual blow-out and blow-up -- when we nearly explode from the various exotic and delicious dishes served at the Luau.

This will take place in the picnic grounds adjoining the Clubhouse in Silverado Park on August 22, 1960. For the benefit of new members, everyone brings a pot luck dish -- enough to serve twelve, please -- and we try to follow a Hawaiian or Polynesian theme. Wear your gay Hawaiian shirts and muu-muus to get into the spirit of the Islands. Prizes will be awarded to a man and a woman with the best costume. Members of all our sister Societies in this area have been invited, so we hope to make this Luau the biggest and best ever.

Dr. Waller is again General Chairman, so let's back his efforts up 100%. Mark the date on your calendar--August 22, 1960.

Each year the president and board of directors ask the members to serve on the different committees. Some of these committees are not fully active throughout the year. It is desirable to have members serving on committees they like to be on. This is sometimes hard to do as each member's desires are not known.

Therefore, a request is being made to each member to let the secretary, Mrs. Frambach, know which committee you would like to work on. Some of the various committees are: Host & Hostess, Refreshment, Annual Pot Luck or Luau, the Annual Dinner, Show Committee, and many others.

The Society has been built by all of the members - and not by the work of a few - so don't be hesitant about volunteering for a job that you would like to do.
