Our ANNUAL LUAU is here again!!!! PUT THE DATE ON YOUR CALENDAR IMMEDIATELY.

Please bring a dish sufficient to serve 10 people - Polynesian, Oriental, of Hawaiian in nature. Also please remember to bring your own table service.

ATTIRE: Men dress in your gayest shirts and Women in your muu muus or Hawaiian dresses. There will be a surprise contest for the best costume.

The program for the evening will begin at 8:00 p.m. There will be a new film on Hawaii, plant forum, plant procurement, some exciting entertainment, and the contest for outstanding costumes of various types. Orchid Digest Judging will be held as usual.

The PLANT PROCUREMENT for this evening will be donations from members, so don't forget to bring something for the Plant Procurement table.

Invitations have been extended to all neighboring Orchid Societies and house guests are also welcome. We will expect a large crowd and there will be many surprises in store for everyone.

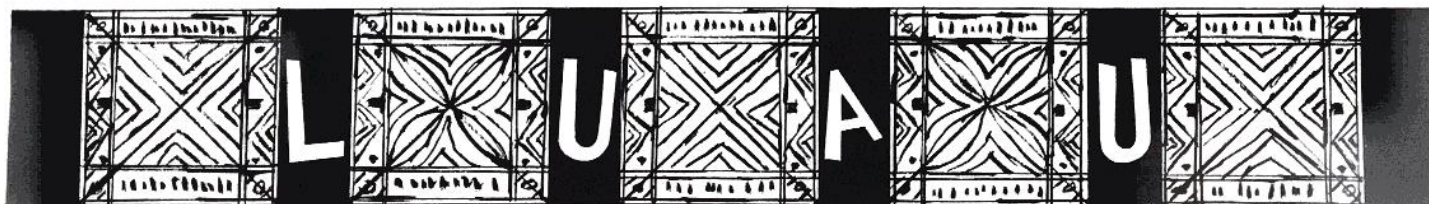

REMEMBER THE DATE - August 26th - BRING SOMETHING FOR PLANT PROCUREMENT

Mr. Ernest Hetherington, speaking on "Award Quality Orchids", presented an outstanding program at the July meeting. The discussion of the award system and characteristics of award quality plants was informative and interesting. A series of slides of 1962 and 1963 awarded cymbidiums and cattleyas illustrated all of the award winning qualities.

We again thank Mr. Hetherington for a most informative and interesting program.

PLANT PROCUREMENT

Last month Fred A. Stewart, Inc., furnished an excellent selection of orchids including seedlings, large plants, and plant in bloom. The comments made by Mr. Hetherington including expectations of the various crosses were very enlightening and created much interest in this part of the program. Also thanks to Rheinfrank and Hudson and Southern California Greenhouse Co. for their donations.

PLANT FORUM

The plant tables were colorful with a large variety of orchids. Commenting on the displays were a group of expert orchid growers, Mr. Hugo Freed, Mr. Frank Fordyce, and Mr. Harry Rapella. It was a real privilege to hear these outstanding growers evaluate and discuss the exhibits.

NOVICE CLASS

Approximately fifty-five members attended the August meeting and enjoyed the hospitality of Mr. and Mrs. G. Dean Field. George Hudson and Dean Field gave a most interesting demonstration of techniques used in flasking and in transferring seedlings from flasks to community and individual pots.

The September meeting will be held on the second Sunday in September - on September 8, 1963 at the home of Mr. and Mrs. R. R. Kilgore, 8509 Boyson Street, Downey.

YOU GET THE RED CARPET TREATMENT WHEN YOU COME TO STEWARTS

When you come in our door you are an important person to us. We want you to feel at home and enjoy your visit. We have a staff of trained salesmen-growers to help you select the plants you want.

When you first come in to Stewarts you see an attractive patio with lounge chairs and a pot full of hot coffee on the table so you can relax. Many of our customers come a long distance and like to rest a bit before going into the orchid houses.

At Stewarts you will find displays throughout the houses with names, parentages, and prices to aid in your selection.

In the Spring we have our Cymbidium Festival and Potting Demonstrations. We also have our Cattleya Cultural Demonstration in the Fall. All these and more are our way of showing that we like to see you come to Stewarts where you get true "red carpet treatment."

We have 12 houses of Cattleyas, 12 of Cymbidiums, 1 house of Cyripediums and 2 of Botanicals — all for your orchid pleasure.

Don't you think you should come to see the exciting new crosses at Stewarts — soon? Let us show you what we mean when we speak of

RED CARPET TREATMENT.

INTRODUCTORY OFFER

\$1.75 each

or a group of 1 of each cross for \$12.95

20,000 vigorous alba seedlings on 2½" pots are available now for your pleasure. These were bred from the finest white Cattleya parents and should bring forth many good commercial and exhibition types of potential award plants. We predict blooms of good substance, texture and shape of the bifoliate type in most crosses. The blooming season is from spring on into fall and many should be free-flowering.
