PROGRAM

November 25, 1963 - 8:00 P.M.

"USE OF ORCHIDS IN ARRANGEMENTS & CORSAGES"

Morrie Molho

We are again very fortunate in having Mr. Morrie Molho as our guest speaker this month. Mr. Molho is a very well known florist and operates two floral shops, one in Costa Mesa and another in Balboa. In addition he has numerous speaking engagements and also writes a regular column in "Blooming News".

Mr. Molho is a director of the Southern California Floral Association and is also a director of Florist Telegraph Delivery which services florists throughout the world. He has recently returned from Europe where he attended a Floral Convention.

Please bring any extra blooms available so we will have a good supply for Mr. Molho to work with and create. We should get a lot of excellent ideas for using our orchids in Holiday arrangements and corsages.

At the October meeting Nell and Rolan Howard presented a very interesting program. They showed pictures of many of their excellent plants and shared some of their experiences in their orchid travels and collecting trips. Again many thanks Nell and Rolan for a very interesting and entertaining evening.

PLANT PROCUREMENT

Nell and Rolan furnished the fine plants for the October meeting. Donations greatly appreciated were made by Southern California Greenhouse Company and Rheinfrank and Hudson.

The plants for the November meeting will be furnished by Clark Day Jr. Orchids so we can again expect an excellent selection.

PLANT FORUM

Mrs. Rita Crothers and Clarence Mason handled the plant forum this month. Their commentary was excellent and very interesting and educational for us all.

NOVICE CLASS

Mr. and Mrs. V. T. Scoggins were gracious hosts to sixty members of the Novice Class in November. Paul Brecht and Mr. Scoggins gave interesting talks and demonstrations on methods of growing orchids outdoors, tying orchids to trees, and growth of seedlings under special lights.

The next meeting of the Novice Class will be held Sunday, December 1, 1963 at Armacost and Royston, Inc., 11910 La Grange Avenue, West Los Angeles, California.

LET OTHERS BREED THE QUANTITY, STEWARTS WILL CONTINUE TO BREED THE QUALITY!

We don't try to be the biggest orchid grower, but we work night and day the year around to be the best.* This is why we have a world wide reputation for having the kind of seedlings and proven stock that knowledgeable growers desire. It is no "great secret" that it's easy to buy orchids. Too often, however, the beginner finds the bargain deal was not such a good buy. When we offer stocks we feel "if it isn't good enough to keep ourselves it should not be offered." This is why so many growers speak with pride when they show the plants they got from Stewarts. Yes, we let others breed the quantity. We'll continue to work on quality.
