PROGRAM

September 28, 1964 - 8:00 p.m. - 10:00 p.m.

EMERSON CHARLES - SPECIES

We are privileged to have "Doc" Charles, one of our own members, as our speaker. Doc has collected plants in Mexico and points south and has his own orchid range in Costa Mesa. He is well qualified to tell us about these exotic and varying genera. This program is especially recommended for those who have not yet become familiar with Botannicals, as well as those who have loved them for a long time. Doc will also provide the plants for our drawing.

August Meeting

Last month was our annual Luau meeting, which proved to be the biggest and best we have ever had! Many thanks to George and Donna Hudson, who headed our Luau Committee, and to all who helped make it such a big success. We had loads of delicious food--enhanced by Ann Vaughan's beautiful table arrangement of red ginger, anthurium and fruit.

Stan Kennedy of Hawaiian Airlines showed a beautiful film on Tahiti, and then we had beautiful Hawaiian music and dancing girls! Some of our own girls from the audience surprised us with their excellent dancing too!

Costume Judges Emma Green, Madge Fordyce, Rita Crothers, Elsie Hetherington and Barbara Saltsman awarded the following prizes: Prettiest Lady, Marie Kuzins; Best Boy, Ray Lee Hallford; Best Girl, Brenda Potter; Best Man, Mr. Carey; Best Lady, Mrs. Jacobson; Best Real Flower Lei, Tommy Hanes. Congratulations to all of you.

Our plant table was supplied by the members. We had lots of plants and many surprises too. Thank you everyone for your generous donations. A special thanks to our members, Mr. and Mrs. Earl Monsan, for plants they donated. Mr. and Mrs. Monsan are living in Kailua, Hawaii now.

NOVICE CLASS

Mr. and Mrs. J. Alff were hosts to about 40 members and guests of the Novice Class on Sunday, September 13, 1964. A question and answer type program was conducted by Chairman Fred Vaughan.

The October meeting will be held on October 4, 1964, at the home of Mr. and Mrs. Calvin Worthen, 6052 McKinley Avenue, Hollydale. The meeting starts at 10:00 a.m. Be sure and bring plants for the drawing. If you want to see beautiful landscaping done by hobbyists, don't miss this meeting.

NEW MEMBERS

We are happy to welcome the following new members to our Society:

Mr. Alf Darnes, 2737 Van Buren St., Long Beach
Mr. Walter Matson, 2645 Harrison St., Dominguez
Mr. and Mrs. M. L. Rowland, 12446 S. Georgian, Garden Grove

At Last! THE BREAKTHROUGH YOU
HAVE BEEN WAITING FOR!
Agricultural Enzymes

A Vital Supplement To Increase Plant Growth

Just spray it on and watch the results you have always wanted

"WHAT ARE ENZYMES?"

Enzymes are nature's chemical tools. They act as organic catalysts that speed up chemical changes in cells without taking part in the change themselves.

These enzymes, amylase and protease, break down the complex food materials into simpler, more assimilable forms. As a result, this encourages growth of roots, foliage, and stimulates early blooms. Leaves assume a more erect stance and plants become more tolerant to light.

Orchid-zymes are compatible with other insecticides, fungicides, and fertilizers and may be applied in conjunction with these, even in a "shot gun" application. "Orchid-zymes" is **not** just another plant food, but truly a **new and proven** product that contributes to the growth of plants.

It is completely available to plants giving **quick and lasting** results.

An Important Bonus: "Orchid-zymes" will greatly reduce algae on pots, benches, compost and floors. It dissolves the unsightly white encrustations of fertilizers and chemicals that normally burn sensitive root tips.
