PROGRAM

October 26, 1964 - 8:00 p.m. - 10:00 p.m.

"YOU BE THE JUDGE" by EUGENE CASEY

We are fortunate to have Mr. Eugene Casey, well known Orchid Digest Corporation and American Orchid Society Judge as our guest speaker this month. Mr. Casey started raising orchids in 1945 and was one of the founders of the San Diego County Orchid Society. He has been an A.O.S. Judge for 19 years, an O.D.C. Judge since its inception, and a Cymbidium Society Judge for the past five years. Needless to say, he is highly qualified to tell us about judging of award winning plants.

* * * * *

Mr. Emerson "Doc" Charles was our guest speaker in September. He gave us a beautiful slide program on Species and we learned from his interesting comments on these unusual varieties. His colored slides were some of the most beautiful we have seen.

PLANT PROCUREMENT

Our plants this month will be furnished by the Paul Brecht Orchid Company in Costa Mesa. We will have some other surprises and donations too.

Last month Doc Charles provided many species, cattleyas and cymbidiums from his greenhouses in Costa Mesa. Lloyd DeGarmo donated several nice plants which we appreciated very much. Ever faithful Rheinfrank & Hudson and Southern California Greenhouse Mfgs. each donated a watering wand.

A special thanks goes to the Westenberger Orchid Company for the beautiful C. Enid Alba (15 blooms and 15 bulbs) which was donated to our meeting and given as Bonus Plant of the evening. One of our lucky guests was the winner.

CRYING TOWEL: The following people missed a beautiful plant at our last meeting because you either did not attend or left too soon..... Mr. & Mrs. Ross Gesler, Joe Baer, Leo Holguin, Hubert Royston, Mrs. Eleanor Scoggins, Mr. & Mrs. Ray Spoelstra, Berniece Tompkins, Mr. & Mrs. Kilgore. The Bonus Plant for members was won by Mr. & Mrs. Lee Bentzen!

Woodie Wilson was the winner of a beautiful dish garden arranged and donated by Ann Vaughan.

We appreciate very much the beautiful displays brought by Fred A. Stewart, Inc., San Gabriel, Westenberg Orchid Company, San Fernando, and Arthur Freed Orchids, Malibu. Thank you members too for sharing your lovely plants with the rest of us who wish we could be so lucky!

LIBRARY

Librarians, Mr. and Mrs. Leo Bance announce the addition of a bound photostatic copy of the Smithsonian Institute record of 1924, entitled "Orchid Collecting in Central America" by Paul C. Standey. We wish to thank Col. and Mrs. A. R. Morley for their donation of this rare addition to our library.

We would appreciate the donation of an April, 1952 issue of Orchid Journal so we can complete our set and have it bound. Does someone have an extra copy?

NEW MEMBERS

We wish to welcome the following new members into our Society:

Mr. & Mrs. Donald Grodske
16717 Devonshire St.
Granada Hills, Calif. 91344

Mr. & Mrs. Jos. Ornellas
12057 E. Rendova
Artesia, California

Mr. Jose Vasques
c/o Westenberg Orchid Co.
10150 Foothill Blvd.
San Fernando, Calif.

Richard Watson
3423 Arbor Road
Lakewood, Calif.

NOVICE CLASS

The Novice Class met Sunday, October 4, at the home of Mr. and Mrs. Calvin Worthen, Hollydale, with about 60 members and guests present. Mr. Clarence Mason gave a talk on sepal wilt and discussed his experiments with lighting to help in its control.

The November meeting will be held Sunday, November 1st at 10:00 a.m. at the home of Mr. and Mrs. Harry Lincoln, 16512 Lucia Lane, Huntington Beach. Be sure and bring plants for the drawing.

Congratulations to the Novice Class for the three ribbons you won representing our society at the Orange County Orchid Show. You deserve an "orchid" for a job well-done on such short notice. They received ribbons for "Special Award", "Best of Section," and a "First Award" Blue Ribbon!

SOUTH COAST AND ORCHID DIGEST REGIONAL JUDGING

September 28, 1964 - Judging Vice Chairman - Dr. J. Lloyd Wallar

Judges Present: Howard Anderson, Paul Brecht, Howard Carrington,

At Last! THE BREAKTHROUGH YOU HAVE BEEN WAITING FOR! Agricultural Enzymes

A Vital Supplement To Increase Plant Growth

Just spray it on and watch the
results you have always wanted

"WHAT ARE ENZYMES?"

Enzymes are nature's chemical tools. They act
as organic catalysts that speed up chemical
changes in cells without taking part in the change
themselves.

These enzymes, amylase and protease, break
down the complex food materials into simpler,
more assimilable forms. As a result, this encourages growth of roots, foliage,
and stimulates early blooms. Leaves assume a more erect stance and
plants become more tolerant to light.

Orchid-zymes are compatible with other insecticides, fungicides, and
fertilizers and may be applied in conjunction with these, even in a "shot
gun" application. "Orchid-zymes" is not just another plant food, but truly
a new and proven product that contributes to the growth of plants.

It is completely available to plants giving quick and lasting results.

An Important Bonus: "Orchid-zymes" will greatly reduce algae on
pots, benches, compost and floors. It dissolves the unsightly white encrustations
of fertilizers and chemicals that normally burn sensitive root tips.

Pints \$2.79

Quarts \$4.19
