## PROGRAM

September 27, 1965 - 8 p. m. to 10 p. m.

Our program this month will be on judging of orchid plants. We will have a panel of qualified people and a moderator who will tell us exactly what happens when you bring a plant in to be judged. This should be interesting to all of us, so don't miss this meeting.

Our plant table this month will be provided by Yuill's Orchids, 118 W. 126th Street, Los Angeles. We can be assured of a fine selection of plants.

## LAST MEETING

Last month was our long awaited Luau meeting. Our film and entertainment were outstanding--and so was the food! Prizes were awarded for outstanding costumes. Winners were:

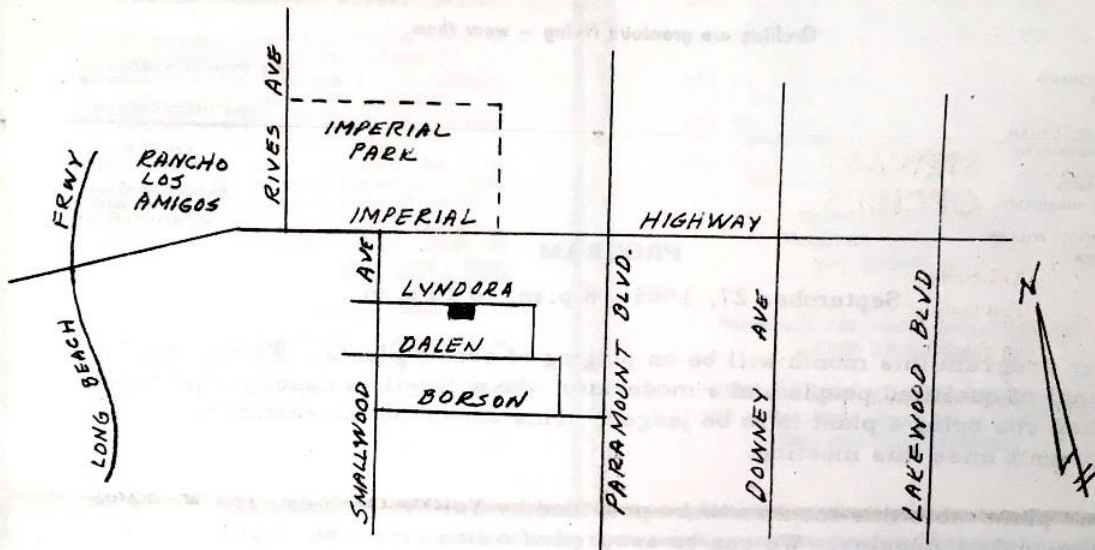

- Best Man - Ron Blackwell, Vice Pres., Orange Co. Orchid Soc.
- Best Lady - Bonnie Stage
- Best Boy - Gregg VanRalston
- Best Girl - Cassie Lorraine Grove (Clark Day's granddaughter)

The plant table was supplied by the members. Following are some of the winners: Membership Drawing - Mr. & Mrs. Frank Stage; Exhibitor's Drawing - Mrs. Ruth Danner; Special Drawing - Mrs. Norman Simpkins; Bonus Drawing - Dr. E. C. Pierpoint, guest from San Gabriel Hobbyist Orchid Society.

## NOVICE CLASS

There were 31 members and guests attending the very informative and entertaining Novice Class at the home of Mr. & Mrs. George Hudson on September 12. Mr. Hudson brought us up-to-date on insecticide's and fertilizers in the orchid world. The tour of his greenhouse was something you should not have missed. Don't forget, participation in the Novice Class is open to all members and guests.

We will be guests of Col. & Mrs. Morley, 7908 Lyndora, Downey, at our October meeting. This will be held on Sunday, October 3rd at 10 a.m. A map of the immediate area will be found at the end of this newsletter. If you want to learn something about orchid collecting in Panama, plan to attend this meeting. Please bring your own folding chair and a plant for the plant table. Refreshments will be served.

## STEWARTS

Our Summer Sale is going on right now. Come in early to make your selections. Best buys in all genera. If you haven't received your copy of the special offerings for this big annual event, please write us.

*At Last!* THE BREAKTHROUGH YOU HAVE BEEN WAITING FOR!  
**Agricultural Enzymes**

**A Vital Supplement To Increase Plant Growth**

Just spray it on and watch the results you have always wanted

**"WHAT ARE ENZYMES?"**

Enzymes are nature's chemical tools. They act as organic catalysts that speed up chemical changes in cells without taking part in the change themselves.

These enzymes, amylase and protease, break down the complex food materials into simpler, more assimilable forms. As a result, this encourages growth of roots, foliage, and stimulates early blooms. Leaves assume a more erect stance and plants become more tolerant to light.

Orchid-zymes are compatible with other insecticides, fungicides, and fertilizers and may be applied in conjunction with these, even in a "shot gun" application. "Orchid-zymes" is **not** just another plant food, but truly a **new and proven** product that contributes to the growth of plants.

It is completely available to plants giving **quick and lasting** results.

**An Important Bonus:** "Orchid-zymes" will greatly reduce algae on pots, benches, compost and floors. It dissolves the unsightly white encrustation; of fertilizers and chemicals that normally burn sensitive root tips.

Pints \$2.79      Quarts \$4.19      Gallons \$8.95
