

# South Coast ORCHID Society, Inc.

LONG BEACH, CALIFORNIA

Meets on the 4th Monday of each Month at Silverado Park Club House, 31st Street and Santa Fe Ave.

PROGRAM: February 28, 1966 -- 8 PM to 10 PM

"BLOOD LINE SECRETS"

Frank Fordyce of Frank Fordyce Orchids will present a program entitled "The Secret of Identifying Blood Lines in the Cattleya Alliance."

This will be an illustrated program using twin projectors showing the practical application of identifying the specie background of the Cattleya alliance. Secrets of Plant Forum speakers are bared as Frank shows the specie on one screen, and hybrids bred from the specie on another, and points out the identifying marks or parts of the hybrid that reveals its specie, background, etc. This program will be especially valuable for the hobbyists..... as well as the judges.

PLANTS for our plant opportunity table will be provided by Frank Fordyce Orchids.

IMPORTANT: Corsage Making: At 7:00 PM - before the meeting - Eleanor Scoggins will help everyone learn the secrets of corsages. She will furnish the materials.. you furnish yourself, you flowers (any kind) and your own scissors. The last group who had this opportunity enjoyed every moment. SEE YOU AND YOU at 7:00 P.M.

## SOUTH COAST AND ORCHID DIGEST REGIONAL JUDGING

January 24, 1965

Award: Pot. Red Lava "STARFIRE"

H.C.C. 75.1 Owner, Dr. R. D. Fisher

PRESIDENT'S MESSAGE: Members of orchid societies in Southern California have probably already been so saturated with information on the World Orchid Conference that many just tune out the speaker or skip over the words in reading about the Conference. Don't, Please!! Even if you don't normally do much with orchid society business except attend the meeting, this is one occasion when everyone is really... needed! See the people organizing various activities!! VOLUNTEER!! If you can type, Mrs. Crothers needs help with entries; if you are free Wednesday, April 13th, John Hanes will need a great many judging clerks; if you have a few hours one evening or morning, hosts and hostesses are needed--in quantity; if you can do corsages (even very simple ones) Eleanor Scoggins needs help with the corsage booth. The Society will need flowering plants and background plants for its display - see Leo Bance. This has been planned as a show and a conference of great quality. Committee chairmen can't know what each of you can do or find time to help in. You know. VOLUNTEER YOUR SERVICES!!

THANKS TO SPECIAL PEOPLE: Mrs. Jerry Worthen for her beautiful table decorations.  
Mr. Arthur Falk, Mr. Murray Spencer and Mr. Lloyd DeGarmo for the award winning plants.

NEWS: Sorry to hear that Mr. Alfred Wurttenberger is ill. Let's hope he is feeling better.

*At Last!* THE BREAKTHROUGH YOU HAVE BEEN WAITING FOR!  
**Agricultural Enzymes**

**A Vital Supplement To Increase Plant Growth**

Just spray it on and watch the results you have always wanted

**"WHAT ARE ENZYMES?"**

Enzymes are nature's chemical tools. They act as organic catalysts that speed up chemical changes in cells without taking part in the change themselves.

These enzymes, amylase and protease, break down the complex food materials into simpler, more assimilable forms. As a result, this encourages growth of roots, foliage, and stimulates early blooms. Leaves assume a more erect stance and plants become more tolerant to light.

Orchid-zymes are compatible with other insecticides, fungicides, and fertilizers and may be applied in conjunction with these, even in a "shot gun" application. "Orchid-zymes" is **not** just another plant food, but truly a **new and proven** product that contributes to the growth of plants.

It is completely available to plants giving **quick and lasting** results.

**An Important Bonus:** "Orchid-zymes" will greatly reduce algae on pots, benches, compost and floors. It dissolves the unsightly white encrustations of fertilizers and chemicals that normally burn sensitive root tips.

Pints \$2.79      Quarts \$4.19      Gallons \$8.95

25% greater discount on case of four gallons

NOVICE CLASS: Sunday, Feb. 6th was a miserable day, except at the home of Mr. & Mrs. Cray. There 20 people enjoyed fine hospitality and a discussion on various aspects of our vocation. This included various ways to style wire coat hangers. The next meeting will be at the home of Mr. & Mrs. M.L. Rowland, 12446 S. Georgian, Garden Grove; TW 39991, on Sunday, March 6th. Bring your own chair and a guest. Doors open at 10:00 A.M.

**Orchids are gracious living — wear them.**

Your dues are due.....Every member bring a member.....Orchid growing is fun.....
