BILLINGHAM TICKET CO., L. A. 88

South Coast ORCHID Society, Inc.

LONG BEACH, CALIFORNIA

Meets on the 4th Monday of each Month at Silverado Park Club House, 31st Street and Santa Fe Ave.

PROGRAM: June 27, 1966 -- 8 PM to 10 PM
"Cream of the Crop" -- Lloyd De Garmo

It is always with great anticipation that orchid lovers await the spring shows to see the "best" and the "newest of the new" in classes of orchids in which they are interested. This year was no exception with an abundance of beautiful new awarded introductions and with the 5th World Orchid Conference being held right here in our city.

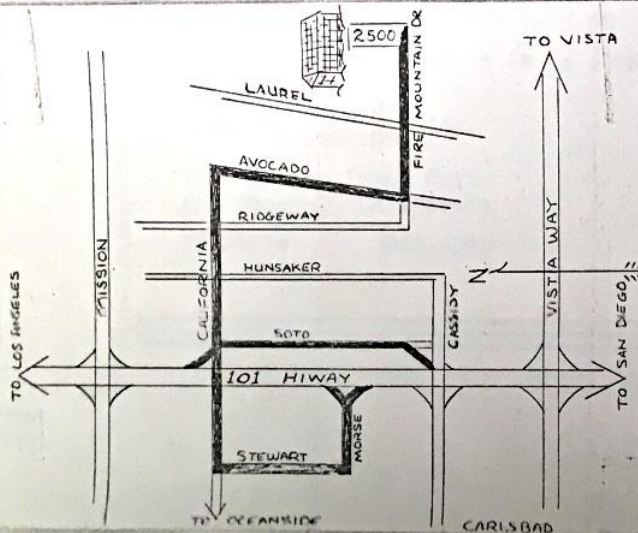

To refresh your memory, our able president, Lloyd De Garmo, is going to show us the highlights of the awarded crosses along with comments on their characteristics. Bring paper and pencil to jot down those orchids which appeal to you so that you can perhaps have them in your own collection someday.

Plants for the opportunity table are from Rivermont Orchids. There will be 100 seedlings of cattelyas and phalenopsis.

SOUTH COAST ORCHID SOCIETY AND ORCHID DIGEST REGIONAL JUDGING: May 23, 1966
Judging: Vice-chairman, Paul Brecht; Howard A. Anderson; Ruby Charles; Emerson W. Charles; Rita Crothers; Roy M. Field; Lloyd De Garmo; Irene Gleason M.D.; Leo Holquin; John Vidulich; Lloyd W. Waller M.D.; Woodrow C. Wilson, and Eleanor Scoggins, clerk.

AWARD: #481 CCM Pterostylis Concinnia 'Virginia' Owner: Ed Rucher

Slides and black - white pictures of the Fifth World Orchid Conference can be obtained from Allen Sylvester, 2505 Grandeur Ave., Altadena, 91002 SY 4-8698.

NOVICE CLASS: A very well attended meeting was held on June 5th at Sanders Orchids, Santa Ana. Sarah Campos was her usual delightful, informative self.

On July 10th we are invited to join the L.B.A.O.S. at Frank Fordyce Orchids, 2500 Fire Mountain Dr., Carlsbad 729-1284.

A lunch will proceed the meeting. Bring your own lunch. Coffee, etc. provided by Frank Fordyce. Lunch from 12 noon to 1 PM. Regular meeting to start at 1 PM. Transportation will not be provided. Your attendance will be credited toward gift certificate.

At Last! THE BREAKTHROUGH YOU HAVE BEEN WAITING FOR!

Agricultural Enzymes

A Vital Supplement To Increase Plant Growth

Just spray it on and watch the results you have always wanted

"WHAT ARE ENZYMES?"

Enzymes are nature's chemical tools. They act as organic catalysts that speed up chemical changes in cells without taking part in the change themselves.

These enzymes, amylase and protease, break down the complex food materials into simpler, more assimilable forms. As a result, this encourages growth of roots, foliage, and stimulates early blooms. Leaves assume a more erect stance and plants become more tolerant to light.

Orchid-zymes are compatible with other insecticides, fungicides, and fertilizers and may be applied in conjunction with these, even in a "shot gun" application. "Orchid-zymes" is **not** just another plant food, but truly a **new and proven** product that contributes to the growth of plants.

It is completely available to plants giving **quick and lasting** results.

An Important Bonus: "Orchid-zymes" will greatly reduce algae on pots, benches, compost and floors. It dissolves the unsightly white encrustations of fertilizers and chemicals that normally burn sensitive root tips.
