ORCHIDS ARE GRACIOUS LIVING- WEAR THEM!

PROGRAM:

July 28, 1969.....

For as many years as I have been associated with the growing and admiring of Orchids I have been accustomed to seeing our speaker of this month at the various meetings in the Southland. Over these years I have become used to relying on this gentleman for timely tips, the latest information, and in fact for anything pertaining to his chosen subject. I have become used to thinking of him as Mr. Phalaenopsis. Do I have to say more? Our speaker for July is no other than Mr. Hugo Freed, General Manager of Arthur Freed Orchids. Together with his head grower Amato he puts on one of the finest displays of Phalaenopsis and allied genera that it is possible to see in the Southland. Wherever you see Hugo you can be sure that not far from him is a table covered with plants in magnificent bloom. His hybrids are known all over the world and in fact his varietal names 'Malibu', 'Bonsall', etc. have become synonymous with the finest in Phalaenopsis. One can always pick up a Bulletin from some far away place overseas and find that the program was a film from Arthur Freed Orchids. If you have never heard him discuss his plants come for a rare treat, if you have heard him before, come hear the latest information, and renew old acquaintances. As Hugo will also be supplying the Plant Procurement Table there is another reason to come along, for he never fails to provide some of the finest, some of the latest, and some of the novelty crosses in his selection of plants, and I am willing to bet that there will be an ample supply of blooming plants included.

PROGRAM PAST: With the aid of a Projector and many slides Leo Holguin took us on a tour half way around the World. Thanks to the wonderful little gadget called a camera Leo was able to take us on a collecting trip to Peru, to the Miami Show, and then to show us what happens between the raw material and the finished product, a trip thru many of the East Coast Commercial Establishments. A really comprehensive tour showing the 'cause and affect'. Thank you again Leo for a program well thought out, planned, and delivered.

Many other thank you's are in order too. To Armacost and Royston for supplying such a great table. To Southern Calif. Greenhouse Co. for its able back up to the table. To Mrs. Dixon for the guest corsage, and last but by no means least to Ernie Campuzano for starting out our 'Amateur Hour with such a bang.

Don't forget our 'Amateur Hour' starts at 7:15 P.M. and ends at 7:45P.M. and is located on the stage at the front of the hall. It will feature this month another Cattleya man with his approach to growing the beauties he is renowned for. No less a person than Mr. P.G. Barnett. Come early and stay late and enjoy what we have planned for you.

PROGRAM FUTURE: Luau Paul still needs some more talent for the Luau program. We have a great program planned so enter into the fun and help us out - sing - dance - impersonations etc.

ORANGE COUNTY FAIR: There must be some value to this jogging bit after all, at least this is my opinion after seeing the amount of energy expended by Charlie Bowman this last week end. I am also convinced that Mssrs Stockham and DeGarmo are secret joggers for they stayed right along with him. My wife and son made pretty good showings beside all this training too but they 'goufed' for now I know what they are capable of. The sum total of all this is of course that thanks to lots of work, great back up from many people with flowers etc. We were able to complete our displays at the fair. We of course were convinced that they were the bestest. But unfortunately the judges did not concur. So we were only able to capture a 2nd and 3rd. in the respective Divisions. Even so I believe that all our members will join me in offering these workers our heartiest congratulations. By the way I fortunately, or unfortunately, did not have to compete in this test of stamina. My right thumb got into an argument with my table saw and lost. A nice big white bandage made a good gimmick anyway.

REFRESHMENTS: Invitations were extended to the following to donate our refreshments for the July meeting: Mr. & Mrs. Ken Scholz, Mr. & Mrs. L. D. Tubach, Mr. & Mrs. Frank Wagner, Mr. & Mrs. Andy Yamamoto, Dr. & Mrs. Ben Glass, and Mr. & Mrs. John Greenwood.

NOVICE CLASS: Thanks to the hospitality of Mr. & Mrs. Alff and the sometime hesitant talk by Leo Bance a successfull meeting was held on Sunday July 13, 1969. Our next meeting will be held on Sunday Aug. 3, 1969 at the home of Dr. & Mrs. Ben Glass. 2210 Cedar, Long Beach, Calif. I understand the good doctor has been doing some work on the PH factor of our water supply and will divulge to us some of his findings. This promises to be a real good talk. Join us with your own chair, a plant for our opportunity table at 10:00 A.M. Sharp and relax whilst you listen.

LUAU PROGRAM

HELP

If you have any talent in the entertainment field such as singing, dancing, play a musical instrument or maybe do a impersonation of a favorite T. V. or movie star please let me know.

We would love to put on a talent show by our membership or any friends you may invite to help us out.

A piano player would be most desirable who could help us swing into some of the gay 90's to early 30's tunes.

Please contact me as soon as possible so we can assemble and plan a good program. I will keep the program a surprise. Lets make this a real fun night and all enter into the spirit of a fun night for all.

Please come forth with offers and suggestions. See me at the meeting Monday night . Call me (714) 548-2314 days. (714) 646-3512 evenings or write to:
