ONCIDIUMS by NED NASH

Ned Nash says he is "an orchid guy who is willing to do most any job to work with orchids." He has a degree in Botany from U. C. Santa Barbara in 1975 and has worked at some of the well-known ranges in the Santa Barbara area. He is now Assistant General Manager at Armacost & Royston in Carpinteria.

Ned's genial personality and personal experience in growing Oncidiums and other genera will add up to an interesting evening for us.

PLANT TABLE

The plant table will come from Armacost & Royston. You will remember that Michelle Rolph took an A.M. award in April on a plant won at a meeting from an Armacost & Royston plant table. That tells us the quality we can expect.

REFRESHMENTS

This is an important part of our meetings and we sincerely thank all who contribute. The following have been invited to bring goodies this month: Mr. & Mrs. Andy Yamamoto, Mr. & Mrs. G. Zeurlein, Mr. & Mrs. Paul Otis, Dr. N. Baldassano, Ron Allengui, Mr. & Mrs. L. Arakaki, Mr. & Mrs. P. G. Barnett, Wanda and Beulah Beal, Mrs. F. Beckner and the Wilsons. Our hard working kitchen chairperson, Billie McCann, is out of town so, while there will be a replacement for her, help from volunteers will be welcomed.

DRAWING

It's back to \$25.00 again. Jack Tipich was the lucky winner of \$25.00 last month.

NOVICE NEWS

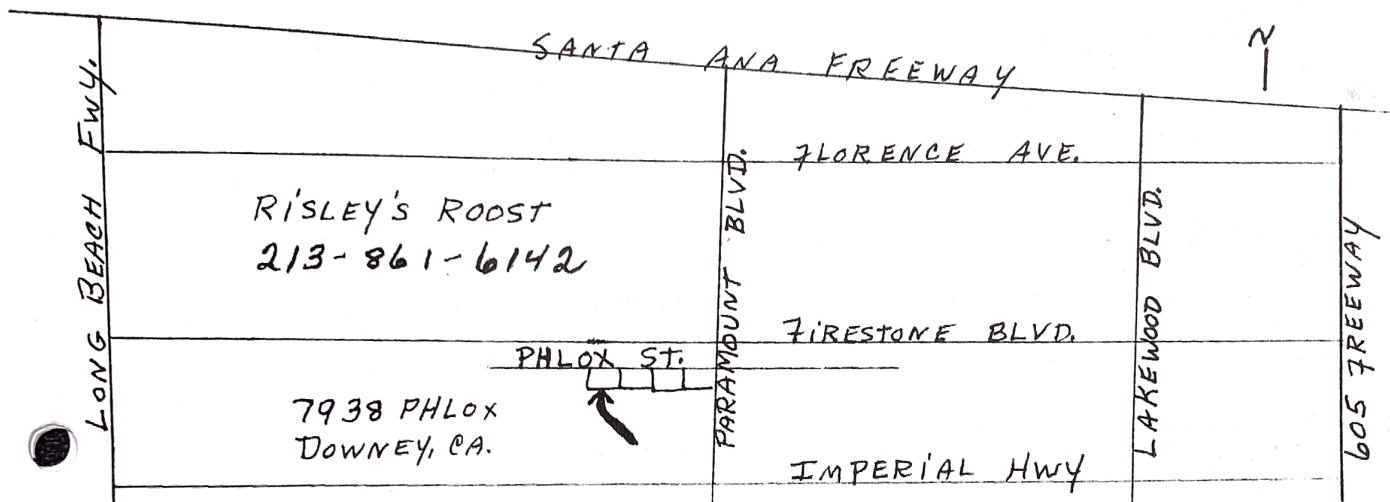

The Novice Group's meeting at Orchids, Ltd. in May was a very good time for all. Those who had earned certificates had money in their hands to spend and enjoyed looking everything over. Richard Roeder gave a short talk.

Due to Fourth of July holiday, the next meeting will be held July 13th at the home of Myrtle Risley - 7938 Phlox St., Downey. The map is not to scale. Look for the corner of Paramount and Phlox - just south of Firestone Blvd. Boulevard Brake Shop is on the corner.

LAST MONTH

You could hear a pin drop -- Dr. Liebman had everyone spellbound with his talk and fantastic slides. If you had to miss this outstanding program, the cover of the A.O.S. Bulletin of February, 1980 shows one of Dr. Liebman's most successful crosses.

The plant table furnished by Andy Easton was also very outstanding. It was supplemented by donations from Dr. Liebman, as well as the following donations by our own generous members: 41 Cymbidium named back bulbs from Robert Mackay, two large award quality plants from P. G. Barnett, 2 Cattleyas and a Phalaenopsis from Archie Woods and a Hi-Lo Thermometer from Charlie Bowman. Special thanks to each one of you.

It is a pleasure to welcome our new members Bill and Debbie Ann Heckerorth, 7390 El Verano, Buena Park, 90620.

Guests at the meeting were: Fred Millemann, Anna F. Lyke, Christa Lyke, Angela Pearson and D. Gruzen. Please come again.

We want to take advantage of a little extra space on this page this month to thank all of those who bring plants each month for the display tables. It adds so much to the meeting.

SHOW TIME

Do you have a blooming plant (or more than one) that you can loan for display at the Del Mar Fair? It will be protected inside a greenhouse. Our Society will receive payment for the display and no work is involved beyond accumulating the plants. Arrangments have been made to get them to Del Mar. Time is of the essence as the show dates are June 21 thru July 6. Please call any one of the people listed below TODAY. If you live in Orange County, your plants can be taken to Paul Brecht's Orchids at 1989 Harbor Blvd., Costa Mesa.

You will have a chance to see how an orchid show display is put together on Wednesday, July 9th which is the date we will be putting two displays in at the Orange County Fair Grounds. Again, plants of all kinds will be needed. If everybody could contribute just one plant to these events, it would really help put us over the top. Here are the phone numbers:
