MEETS FOURTH MONDAY

ART SHADE CATTLEYAS

We are indeed fortunate to have Walter Bertsch, Chairman of the Department of Biology at Pomona College, as our speaker at the December meeting. Walter is especially interested in color in orchids and we can expect to get the low down on what is being done in this field. He has recently traveled extensively and participated in orchid judging around the world. Locally, he is heading up the student judges training program. You've no doubt been reading his series of articles in the American Orchid Society Bulletin.

PLANT TABLE

Sometimes in the past the members have been asked to furnish plants for the December meeting. This year the Board of Directors voted a gift to us in the form of a plant table furnished by our speaker. We can expect something really special!

SILENT AUCTION

Do you have an extra piece of a nice plant to donate to the Silent Auction table? It would really be appreciated.

REFRESHMENTS

Special holiday refreshments will be provided by our Officers and Directors. You will remember from other years the delicious treats on the refreshment table at this time of year.

Novice News

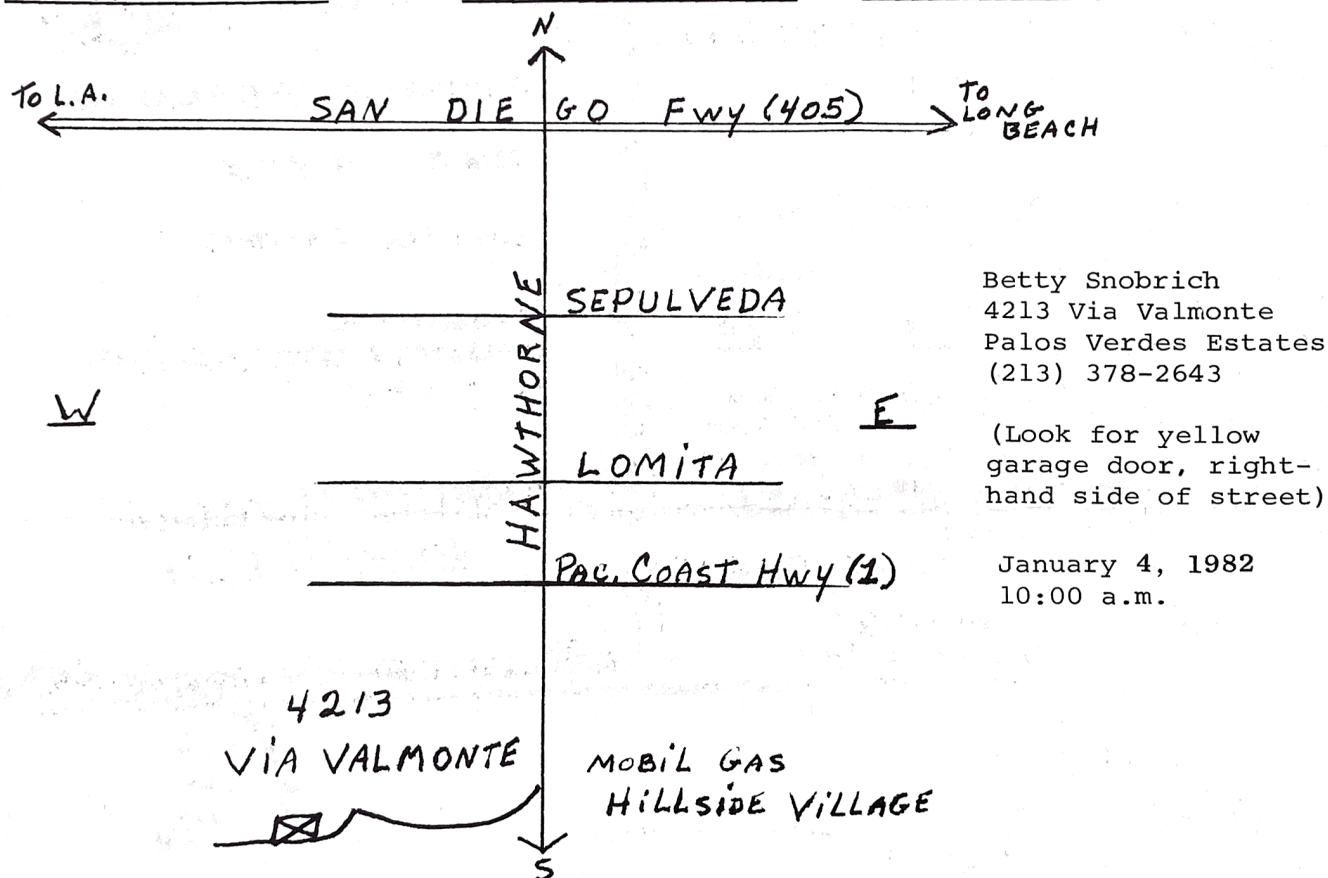

A very good "Certificate Meeting" was held the first Sunday in December at Walter Cousineau's. He and Mrs. Cousineau were very gracious hosts and a good time was had by all who braved a foggy morning.

We are all looking forward to going to Betty Snobrich's on January 4th. These meetings the first Sunday of each month in someone's back yard are a wonderful way to see how someone else does it and to get better acquainted with fellow hobbyists.
