Novice News

Betty Snobrich was a delightful hostess to the Novice Group the first Sunday in January. She had beautiful plants in bloom. A round table discussion was held, concentrating on insects and insecticides.

The meeting on February 7th will be held at the home of Bonnie Scarborough in Whittier. Bonnie is a new member of our society and we welcome other new members to join with this group.

Don Saurenman, who also lives in Whittier, has agreed to come and talk to us about fungus, virus, bacteria and related bad things, on which he is a nationally renowned authority. Don is owner of Consan Pacific, Inc., the distributor of Physan. He and his wife, Viola, were editors of the Cymbidium Society News for a number of years and are widely experienced in growing orchids.

LAST MONTH

Walter Bertsch's talk on Art Shade Cattleyas was very interesting and informative. The slides were really beautiful. We didn't think Walter was old enough to have known some of the old-time hybridizers he mentioned but he explained that he has been growing orchids since he was 8 years old.

The Plant Table supplied by Walter Bertsch was supplemented by generous donations from Greenhouse Control Co. - Max-Min Thermometer; Clark Day - 2 Paphs; Paul Brecht - 2 Paphs; The Heckerths - 3 Paphs, 1 Lycaste, 2 Dendrobiums and Phyllis Cross - Holz-ems. Thank you all very much.

The Silent Auction Table was very successful with donations from Clark Day, Woody Wilson, Phyllis Cross and Paul Brecht.

Officers and Directors outdid themselves with scrumptious refreshments, ably served by Paul Brecht and his helpers Andy Yamamoto, Bill Powell and Charles Stockham.
