BRACHYPETALUMS (WIDE PETAL PAPHS) AND THEIR HYBRIDS

Dr. Walter Bertsch will give some enlightening insights into the way this little-known alliance has played such an important part in some of the modern-day Paphiopedilum hybrids. The program will be one that will give us some tips on what to look for in acquiring plants of this type and will be interesting to all.

We anticipate a great program AND an exceptionally fine Plant Table. Dr. Bertsch says there will be a wide selection on the Plant Table.

The exhibit entered by South Coast Orchid Society at the Los Angeles County Fair at Pomona will be easy for you to spot because it is just next to the greenhouse put in by California Greenhouse Controls Corp. inside the big horticultural building. Look for it when you visit the Fair between now and September 26th.

The following stalwart members contributed both plants and labor on Labor Day. The list is alphabetical because there is no way any one person should come ahead of another in an effort such as this. Charles Bowman, Jane and Paul Brecht, Isabelle Kilgore, Arthur McCann, Helen Powell, Mickie Sonneborn, Charles Stockham and the Wilsons. Special mention is given to Charles Bowman for supplying and Jane and Isabelle for doing the lettering on a professional-type sign giving names of plants in the exhibit.

Mr. and Mrs. Archie Woods have moved to 10009 Tram Road, Tallahassee, Florida 32301. It's a small world - we have just learned that the greenhouse our neighbor is moving onto his property was the Woods' greenhouse when they lived in Lakewood.

Andy Yamamoto

We are deeply saddened by the passing of Andy Yamamoto on September 13th after a brief illness. We offer our condolences to his wife, Yae, and their daughters and families.

Andy contributed so much to the beauty of our meetings by bringing his superbly grown plants for the display tables. He never missed a meeting unless he was ill and, in the last two years, often helped at the refreshment table. We will miss him very much.

-- Novice News --

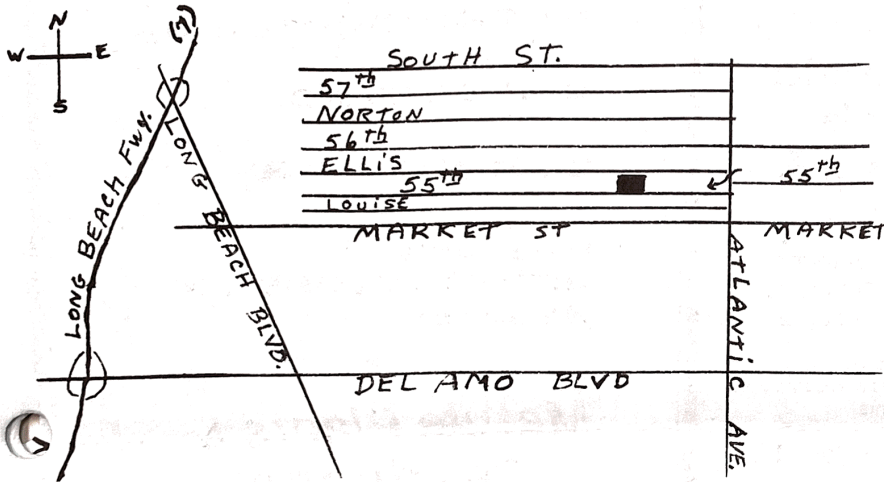

There was a very good turnout of the Novice Group at Walt Rybaczyk's on Sunday, September 12th. Walt showed how he grows his different species in different places in his yard according to their individual needs. Some are under trees, some under Saran and others, of course, in his greenhouse.

The next meeting will be at the home of Judy Scales in North Long Beach. All Society members, guests and friends are welcome. This is your chance to see how someone else grows their plants in their back yard.

LAST MONTH

We want to thank everyone who helped make last month's Luau a great success. The food was beautifully displayed and delicious. Tables each had an arrangement of anthuriums by Orchid Arts which were later included on the opportunity table. Entertainment was by the Kapualani Dancers. Another form of entertainment was supplied by the judges at work in the judging room. During intermission there was quite a line-up along the windows of people watching the judging.

Costume prizes furnished by Jane and Paul Brecht were awarded to:

Arthus McCann - Best dressed man	Elsie and Ernest Hetherington -
Sonia Clark - Best dressed woman	Best dressed couple
Heather Iger - Best dressed child	

The following people very generously donated to the Opportunity Table. Listing is in the same order in which they signed the donation sheet:

Mr. & Mrs. Archie Woods, the Wilsons, Art McCann, The Rowlands, Paul Brecht, Helen Powell, So. Calif. Greenhouse Controls, Ed Curtis, Don Bradish, Marge Peck, Phyllis Cross, Bonnie Scarborough, Linda Iger, Paphanatics, Unltd., and the Arakakis.
