## *The Future in Cattleyas* by Ernest Hetherington

We are indeed honored this month to have Ernest Hetherington, president of Fred A. Stewart, Inc. talk to us about what he sees in his crystal ball relative to Cattleya orchids. It will be of interest to all -- from amateur to seasoned growers.

### PLANT TABLE

The plant opportunity table will be furnished by Stewart's Orchids. Sonia will be prepared with plenty of tickets for all. There are few better ways to build your collection at a modest cost than buying these tickets.

### SILENT AUCTION

This is another way in which members can support the society by providing plants for the silent auction table for newcomers as well as old timers to purchase to improve their collection. Be sure to look over the silent auction table and place your bid. There have been some real bargains here recently.

### NEW MEMBER

Welcome to Charles P. Mack, Jr. of Santa Ana. Our membership is growing and we're glad you are one of us.

### REFRESHMENTS

These members are invited to bring cookies in April for the refreshment table: Paul Bechtel, Don and Suzanne Bradish, "Doc" Charles, Roy and Ira Field, Michael Graesner, Robert and Priscilla Greenlees, Norito Hasegawa and David Hensley.

Thanks to Jane Brecht for taking on "kitchen duty", at least for the time being.

## Bulletin Board...

It was great to see Emma Green at last month's meeting. Bob has been under the weather for a long time -- but is greatly improved after some unusual complications were discovered and corrected.

Esther Bowman is also recuperating very well after her accident at the San Diego Show.

Ross and Violet Gesler send their greetings. They've been hoping to come to a meeting but one thing and another keeps them home in Fontana.

### LAST MONTH

Ernie Campuzano gave a very interesting talk on orchids of Hawaii. He gave us some helpful tips on preventing crown rot in phalaenopsis and furnished an outstanding plant table.

Thanks, also, to Paul Brecht for his donation of cymbidium plants for the silent auction and the plant table.
