## PAPHIOPEDILUMS

### "SOMETHING OLD AND SOMETHING NEW"

By EMERSON "DOC" CHARLES

We welcome "Doc" Charles as our speaker in May. He has an outstanding collection, specializing in Paphiopedilum species and hybrids. He is also an avid traveler, which brings him up to date on what is happening with orchids the world over.

## PLANT TABLE

We can expect some outstanding plants from "Doc" Charles' collection on the Opportunity Table.

## SILENT AUCTION

The Silent Auction table came alive again in April with donations of two flowering cymbidium plants from Paul Brecht and two cymbidium back bulbs from the Powells. Our Silent Auction tables have really held some good bargains and in doing well for yourself, you are helping the Society.

Speaking of helping the Society, it received a big boost last month from Ernest Hetherington who donated and auctioned a plant of Helen Brown 'Sweet Afton' and John and Tommie Hanes who donated a beautiful big yellow Dendrobium plant which was held as the final plant in the Opportunity drawing. Other donations, also much appreciated, were: Joe Rich - a Bromiliad, Holz-Ems from Phyllis Cross and Helen Congleton wrote down "Miscellaneous". Knowing Helen, I'm sure that was an understatement.

## REFRESHMENTS

We are blessed with members who enjoy the refreshment break in the meetings and who, when asked, really come through with delicious goodies. Please see the names of the "invitees" for May on Page 3 under "Bulletin Board" (especially if your name begins with H to L.)

RHEINFRANK & ASSOCIATES  
 2011 Myrtle Ave.  
 Monrovia, Ca. 91016

Hours by appointment - (714) 499-4249

South Laguna, Ca.

## -- Novice News --

Sunday, June 5th will be a "Certificate Meeting" for the Novice Group. That means that if you've attended regularly you will be given a certificate for your share of the money in the "pot". The meeting will be held at Jim Gonhue's Orchids, Ltd. in Carson and the certificates will be spendable there.

Everyone is welcome. If you are new to the group, this is a good time to begin attendance in order to be in line for a certificate six months from now.

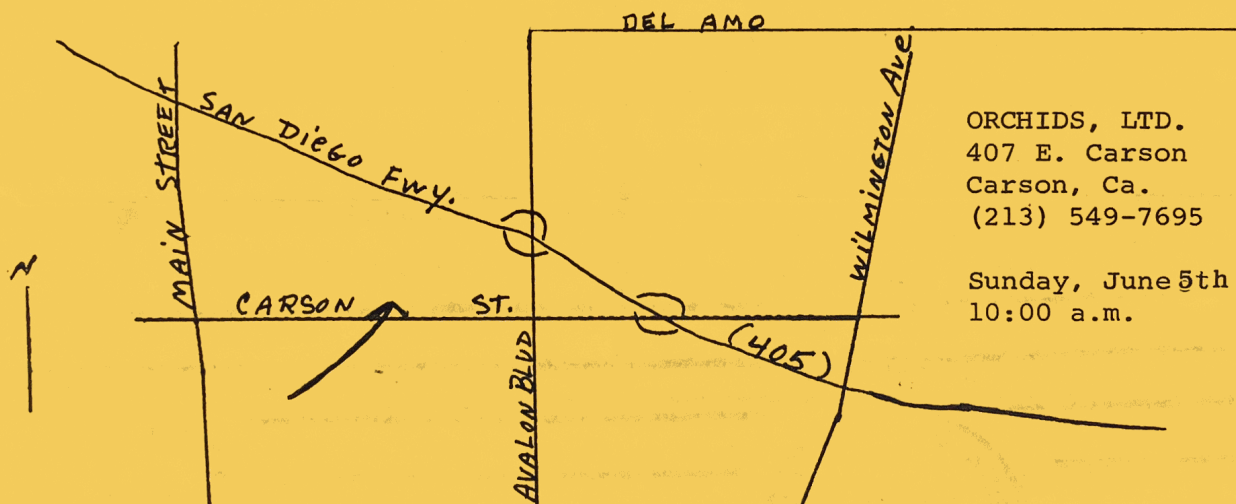

Bring a chair and a plant for the drawing, preferably a healthy orchid.

The group had a very good turn out for the meeting last month at Sam and Frances Koenigsberg's. Don Saurenman from Consan came and gave a nice talk on raising orchids out of doors.

Sunday, June 5

10:00 a.m. - 12 noon

Bring a friend

### LAST MONTH

Ernest Hetherington brought us up to date on the future of Cattleyas with some very colorful slides, followed by an active question and answer time. (And aren't those new projectors a big improvement when the speaker can control the speed of the slides himself) Elsie was always a superb projectionist, but this is even better.

Paul Bechtel and Norito Hasegawa conducted an especially informative Plant Forum. In fact, a very knowledgeable person in the audience was overheard to say, "I didn't know that" regarding some of their comments.

### GUESTS

We were pleased to welcome Anita and Mar Smith of Riverside, Michael Blietz and Dr. & Mrs. D. W. Edwards.
