CATTLEYAS by NED NASH

Ned will talk to us about the Cattleya breeding program at Armacost & Royston in Carpentaria where he works with Leo Holguin. His experience covers both amateur and professional growing so there will be something in his talk for everyone.

PLANT TABLE

Ned will bring a collection of plants from Armacost & Royston. Be prepared for an excellent table.

SILENT AUCTION

Please donate to this table. Its success depends entirely on donations. Many thanks, once again, to Paul Brecht for his Dendrobiums and California Greenhouse Controls (Charles Bowman) for the Hi-Lo Thermometer, all of which went at really bargain prices last month.

NAME BADGES

Orders will continue to be taken for delivery the following month. They are elegant - you will want one!

REFRESHMENTS

Jane Brecht, who has done such a splendid job serving refreshments, is soliciting a helper for the times she needs to be away. Please let her know if you can help out.

The following members are invited to bring some cookies to the July meeting: John H. Miller, Paulina Nafarrete, Martin and Jo Nedderman, Dick Nerio, Harold Koopowitz, Marjorie Peck, Robert Pence, Philip Plocher, Don Pollard and Joe and Ursula Pontius. If you cannot participate for any reason, please let Paul Brecht know: 714-548-2314. Thank you.

SHOW TIME

Jane Brecht, Charles Stockham and Charles Bowman journeyed to Del Mar late last month to enter a display in the Fair on behalf of our Society. Robert Mackay and Caroline and Harry Fackler also participated in this effort, along with plant donations from the Powells and Wilsons.

Then on July 5th, under the leadership of Paul Brecht and fortified by his famous chili con carne, the same people plus Phyllis Cross, Em Green and plants from Don Pollard, completed a large display at the Orange County Fair.

Prize money from these shows is our largest source of income toward quite a steep rent for our meeting rooms each month. Please be thinking about what you can lend for our entry at the Los Angeles County Fair in Pomona in mid-September.

-- Novice News --

The meeting on Sunday, August 7th will be held at Paul Brecht's Orchid Gardens in Costa Mesa. The display of flowers at Paul's is always spectacularly beautiful and is ever-changing. Do come and enjoy a beautiful morning. You're guaranteed to learn about orchid growing and display too!

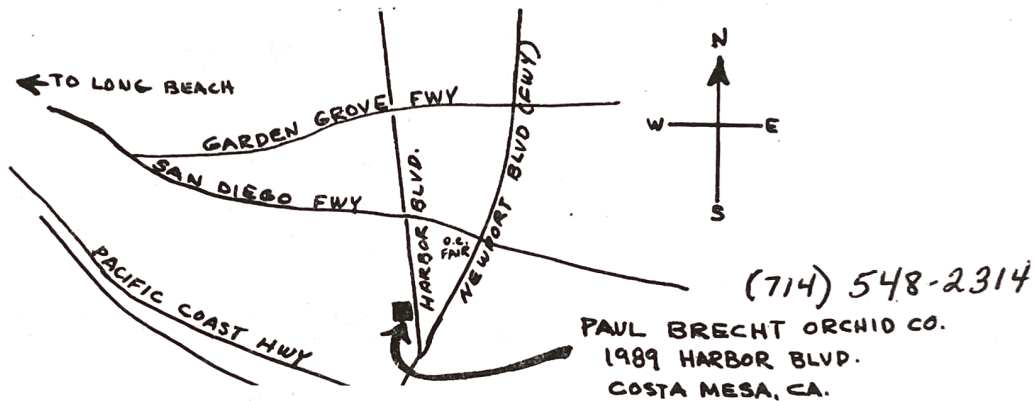

This time we do not need to bring chairs. Bring a plant, preferably a healthy orchid, for the plant drawing.

Jean Alff, as always, was a very gracious hostess at last month's meeting. Jack donated quite a few cymbidiums for the drawing plus a very valuable cymbidium plant in flower for a special fund-raiser for our benefit.

LAST MONTH

Paul Gripp's talks are always entertaining. However, his program in June was unusual in that instead of slides he used blooming plants to illustrate in every case. We do thank you, Paul.

You might call it a "Paul Gripp" night, in that he conducted the Plant Forum with his usual aplomb and, also, took the only A.O.S. award given that evening.

Helen Congleton added a whole box of plant divisions to the Opportunity Table. Other donations were a Max. & Min. Thermometer from California Greenhouse Controls and Holz Ems from Phyllis Cross. Thank you one and all.

GUESTS

Welcome to Kathleen Gillespie of Compton, Dr. & Mrs. D. W. Edwards of Fullerton and Norman Fong of West Covina. Please come again.

RECUPERATING MEMBERS

We wish a speedy recovery for Sonia Clark who has been hospitalized and Bob Lesser who has had shoulder replacement surgery.
