# Commercial night

This is the night that you can now see the exotic plants that the commercial growers grow and also there will be the supplies too. HOW DO THEY DO IT? HOW DO THEY GROW SUCH BEAUTIFUL PLANTS.....JUST ASK THEM? There will be hundreds of plants in bloom. They go to a lot of trouble to cart their plants to our meeting so that you can see them so let's this year get behind them and have a large turnout not only to welcome them but to show our thanks for their coming. They are coming to you and this is an easy way to see what they have to offer without you driving all over California. Lets not have more plants and commercial growers than we have in members. We have the membership to see that this does not happen so COME ON OUT. We need your participation. Bring a friend and dazzle them by your orchid society. This is the night to do it. Then you can offer your friend refreshments.

We will have our usual plant drawing furnished by these commercial growers. What better can you ask? Mark your calendar now...and be there.

SHOW COMMITTEE

Our show committee will be putting in another display on Wednesday, October 14, 1987 and the show can be viewed at the New Otani Hotel & Garden, situated at 120 South Los Angeles Street, Los Angeles. It is my understanding South Coast display will be in the lobby entrance. This should be a spectacular show. Hope some of our members helped out by bringing plants and helped them construct it. This is the show committees third putting in and tearing out and it takes a tremendous amount of work.

Don't forget we still have badges with South Coast and your name on them. They can be brought from Art McCann in the back of the room at the monthly meeting. It is important that you wear one so everyone knows who you are without them asking.
