

South Coast Orchid Society

presents:

MONTHLY MEETING

FEBRUARY 22, 1988
8:00 P.M.

At: Whaley Park
5620 Atherton
Long Beach

Linda Iger
President

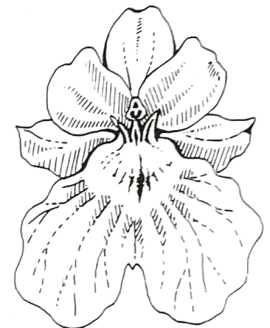

ERNEST HETHERINGTON

will be our speaker at our February, 1988 meeting. The topic will be "Orchid plants that have made orchid history" Also he will inform us about hybrids. Mr. Hetherington is Past President of Stewarts, INC. and is now in a consultant capacity. He has written many articles for the American Orchid Society Bulletin. We don't have to tell you that this is going to be one of the best meetings of the year. So start off right - bring the family - bring all your friends -.

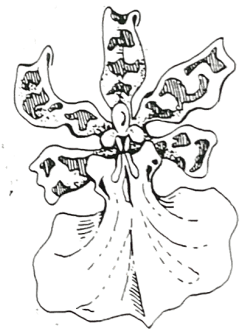

PLANT TABLE

We will have a plant table which will probably be furnished by Stewarts, Inc. This should be an outstanding plant table and your participation in purchasing tickets for the drawing always helps the society.

NAME BADGES

Do you have a name badge? If not, you can order one from Art McCann. You can always see him at the monthly meeting in the back of the room. Now is the time that you should have one because it will pay off. Please wear your badge at our February meeting and receive an extra membership drawing ticket for our plant drawing. Just wear your badge.

MEMBERSHIP DUES

Have you paid your membership dues yet, if not again you can see Mr. Art McCann in the back of the room. Sure would like to see all of you at the monthly meeting and while you are in attendance bring a friend they may like to join us also. Our dues are still \$12.00 a year and they have not been raised since 1981 and we have no intention of doing so.

JANUARY BANQUET AND INSTALLATION AT THE PETROLEUM CLUB OF LONG BEACH

The banquet at the Petroleum Club was a success and it was a very beautiful affair. The orchids on the table, arranged by Norman Fang, certainly proved that we were the orchid society. Some of the lucky people in attendance were able to take them home because they had the winning ticket from the plant drawing. The orchids were furnished by Armacost in Carpinteria and they were in mint condition and spectacular. I believe they have been furnish them for the past 25 years. We wish to thank Armacost for those blooms.

Mr. Don Herman gave a wonderful presentation on the life and times of Mr. Paul Gripp. Mr. Gripp certainly has dedicated his life to the orchid world. Mr. Gripp was his usual happy self at the banquet and if you did not attend then you are the loser. The meal was up to the usual expectation of the Petroleum Club.

In addition, at the banquet Linda Iger was installed as our President for 1988, and she graciously accepted. We are proud of Linda for the wonderful job she has done for 1987. Linda is our second lady president and now it is proven that the women do have a place in our society. We wish her a successful year for 1988. She has at her disposal a grand group of officers and directors and with her guidance we are pledged to have a spectacular and productive 1988.

Also, at the banquet is the time that the yearly trophies are awarded for only the best of the orchids. Below is a list of those that won the silver engraved trays.

SOUTH COAST ORCHID SOCIETY TROPHIES 1987

Mem. Dr. & Mrs. C. J. Aucreman, Sr. Trophy
C. amethystoglossa 'Hutch' C C M 95

Mr. & Mrs. Rodney E. Carpenter	Mr. Emerson W. Charles

The orchid society does appreciate your bringing the cookies. Thank you.

In Memory of
Ross Gesler
who passed away
three years ago

Ever Close in Mind and Heart

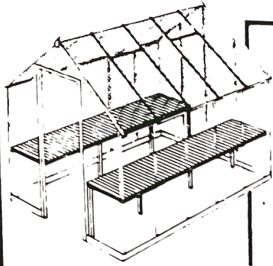

No further away than a picture,
A smile or remembered phrase,
Our loved ones
live in memory—
So close in so many ways.
For how often does a sunset
Bring nostalgic thoughts to mind
Of moments that
our loved ones shared
In days now left behind.
How often has a flower
Or a crystal autumn sky
Brought golden recollections
Of happy days gone by.
Yes, memory has a magic way
Of keeping loved ones near—
Ever close in mind and heart
Are the ones we hold most dear.

CYMBIDIUM →
Flowers stay
fresh 2 or 3
months. Lovely
pastel colors on
big spikes in
spring. Used for
corsages.

Say it
"Sim-BID-ee-um"

SHADE CLOTH

Don't let those special plants burn... put up

SHADE CLOTH

Shade density from 30% to 95%
