## LAELIAS OF MEXICO AND THEIR HYBRIDS

Paul Bechtel will present a program on Laelia orchids. These natives of Mexico and their hybrids will grow well out of doors, especially in the coastal Long Beach area. The program will include slides of a collection trip into Mexico featuring the native habitat of these easy-to-grow orchids.

Paul has been growing orchids since he was 12 years old and is now Horticulturist at Pomona College, Biology Department and owner of Dragonstone Orchids, a mail order business. He is also Chairman of the American Orchid Society judging sessions held in conjunction with our meetings.

The Plant Table will be supplied by Paul Bechtel.

LAST MONTH

Art McCann did a really outstanding job at the June meeting. In addition to giving the program on the various phases of Cattleya growing including repotting and culture tips on growing them. He was also busy signing in seven new members in addition to nine visitors.

Many thanks to Brecht's Orchid Nursery for his plants donated to the Silent Auction and also thanks to Leo and Terry Bance for the books.

Our Society exhibit at the Orange County Fair was spearheaded by Don Fraser. The following people are to be thanked for the use of their bodies and plants which helped Don put in a good display, Kathy Moor, Charles Stockham, Doris Browning, Paul and Jane Brecht, Emerson W. Charles, Dr. Phil Plocher, Ann & Woody Wilson and last but not least Charles E. Bowman.
