## PHALAENOPSIS CULTURE

**NORMAN FANG** will talk to us about Phalaenopsis culture this month. Norman is usually in the judging room at our meetings so everyone may not know him although his orchid nursery in Ontario is fast becoming one of the important ranges in our area. Norman is a recent graduate of Cal. Poly at Pomona where he majored in Ornamental Horticulture. If you've attended the shows at Santa Barbara, San Diego, etc. you will have seen the booths manned by Norman, his brother Eric and sister Jamie. Eric has done some outstanding work on displays at shows and Jaimie is concentrating on the merchandising and business end of the endeavor.

The **Plant Opportunity Table** will be furnished by Norman's Orchids. They've had plants awarded by the A.O.S. judges almost every month and we can expect an outstanding table.

Membership donations are also welcome and will earn the donor extra tickets for the plant drawing.

## REFRESHMENTS

It will be appreciated if these people will bring something for the refreshment table in June. Many thanks in advance.

## SHOW TIME

The **ORANGE COUNTY FAIR** dates are July 17 to 28. We will be putting in an exhibit which, if done well, could earn quite a bit of money for our society. Some of the usual helpers will not be available this time and we need people to loan plants and their physical assistance. Every background plant and/or orchid in bloom is important and will add to the display. Let our president, Phil Plocher, know at the June meeting how you can help. Tentatively, the display will be put together on Sunday, July 14th.
